**SPECIFICATIONS**

**APPLICATIONS**

Laser Panel Architectural Ceiling Tiles can elevate a space within a matter of minutes. Seamless patterns can be installed across large ceilings or down long hallways to create upscale installations. A revolution in grid lighting, standard sizing makes it easy to replace traditional flat panels. Choose from a multitude of patterns to revitalize office or retail spaces.

An LED flat panel provides energy efficient illumination behind a uniquely designed laser-cut fascia. Flush and recessed fascia available. Available in 5 standard patterns, customs designs are available by consult.

**FEATURES & BENEFITS**

- 3 standard sizes – 2ft x 2ft and 2ft x 4ft, 1ft x 4ft
- Dozens of standard patterns with custom patterns available
- Recessed mount for grid ceiling
- Many lumen package / wattage options available
- CRI >80
- >50,000 hrs of L70 LED life
- Power factor >0.90
- 5 year warranty
