Custom Products

Awards – Replicas – Miniatures – Commemoratives – Recognition Gifts

- Made in the USA
- Molded metal (stand alone or mounted on bases made of other materials)
 - We can help design your custom piece or work from your design
 - Stock items can be modified to suit your custom needs
- Firm quotes
- Pre-production proofs

We specialize in producing custom designed metal products. All design work and production is done at our factory here in the United States. For custom designs, our designers work from photos, drawings, your idea, a description of what you want, or we can work from your existing design. A basic art layout is prepared for your review. After you and our staff agree on a final design and product specifications, we prepare a final art proof if needed and quote your project. If you decide to go ahead with the project, we will then produce a pre-production proof model for your approval prior to final production.

Your piece can be provided with a felt bottom or mounted on wood, marble, high quality plastic or other special material bases. Various methods of imprinting are available, including molding in the metal, pad printing, attaching etched or silk-screened plates or attaching any of a wide variety of custom or stock medallions.

Design and tooling charges can range from hundreds of dollars to thousands. Production time for custom pieces can take anywhere from one to three months.

The examples below and on the following pages are just a few of the many custom pieces we have created.

General Information

Artwork

We prefer to receive electronic art in Illustrator, CorelDraw or Photoshop. EPS, PDF, TIFF and JPEG files are also acceptable if 600 DPI quality or higher. Artwork must be camera ready. If it isn't, additional costs will be charged to clean up your art. You will be notified of the costs. In addition to submitting the electronic art file, a faxed hard copy of the art must be sent with your purchase order.

If you don't have art or a design, we can develop it for you at a reasonable cost that we will quote before beginning work. For custom designs, our designers work from photos, drawings, your idea, a description of what you want, or we can work from your existing design. A basic art layout is prepared for your review. After you and our staff agree on a final design and product specifications, we prepare a final art proof if needed and quote your project. If you decide to go ahead with the project, we will then produce a pre-production proof model for your approval prior to final production.

Trademarks/Logos

We assume clients are authorized to use the trademarks and logos they submit to us for reproduction. We assume no legal liability in any trademark or logo disputes.

Ordering

All orders must be submitted in writing. If imprinting is involved and you are providing the art/copy, a hard copy of the imprint must be submitted with your purchase order.

Production Time

Normal production time is 3 to 4 weeks from final art approval or from date of submission of unprinted orders. Custom designed products can require up to 8 weeks production time.

Shipping

Products are shipped F.O.B. our factory in New Jersey. Unless a shipping method is designated, we ship best method by ground. Drop shipments to multiple locations are available for a slight additional charge plus the actual freight cost. We also ship COD for a small additional charge. Export shipping is also available at a small additional charge plus the actual freight cost.

Less Than Minimum Orders

Orders for less than stated minimums are available in some cases. Contact us for specific requests.

Rush Orders

Contact us for your rush order needs. We will do our best to accommodate your schedule.

Over-Runs/Under-Runs

Orders are subject to a 5% over-run or under-run. You will be billed for the exact quantity shipped.

PMS Color Match

We will match as close as possible at no extra charge.

Personalization

Many of our products can be personalized with individual names or event or team names. Contact us for further information and costs.

Errors/Returns

If you have a problem with any of our products please contact us to discuss it. We guarantee our work 100%. If there is a problem and we are at fault we will replace or reimburse you for any defective products. No merchandise may be returned without our written authorization. All claims must be submitted in writing within 15 days of receipt of order. Claims for lost or damaged goods must be made by the client with the shipper, as responsibility transfers to the shipper upon pick-up of goods from our factory.

Billing

If you have not established credit with us, orders may require a deposit and COD payment for the balance due.

Finishes, Bases, Tooling & Proofing

Finishes

Our products are made of zinc alloy and are available in a variety of plated, painted and powder coated finishes. Standard options are below:

Other finishes available upon request

Bases

Most of our products can be mounted on wood, marble, high quality plastic or other special material bases. Various methods of imprinting are available for the bases, including pad printing, attaching etched or silk-screened plates or attaching any of a wide variety of custom or stock medallions. Many of them are shown throughout the catalog. Please contact us for details and pictures of the various bases we offer.

Tooling

There are no tooling charges for our stock items. For custom designs, tooling charges can range from hundreds to thousands of dollars. Tooling costs are quoted for each specific project. There are no tooling charges on exact repeat orders.

Proofing

We provide paper proofs upon request and strongly suggest they be requested for any items involving imprint. Custom designed products require design drawings that have to be approved. After a final design is approved, a pre-production model is prepared for further approval prior to the actual production run. All corrections or additions to proofs must be in writing. Design and proofing charges will be quoted for each specific project.
